Policy

Policy from the WIC State Operations Policy and Procedure Policy 215.05 Participant Categories and Certification Periods

In order to be certified, an applicant for the WIC Program must be categorically eligible. This means that the applicant must meet the regulatory definition for one of the participant categories. The participant's certification period depends on their category. This policy explains the categories and their certification periods.

Categorical eligibility is based on an applicant's self-report of:

- Age (for infants and children)
- Reproductive status (for women), and
- Medical condition (for women and children with special dietary needs).

For infants and children, this is the parent, guardian or other adult who has custody of the child and is responsible for the child's well-being. The parent/caretaker is authorized to sign the following WIC documents:

- Your Rights and Responsibilities as a WIC Participant
- WIC Identification Card
- Check receipts
- WIC checks
- Release of information of the referral and request for information forms

Information

The newest component to MyPlate:

MyPlate, MyState is the newest component of MyPlate, MyWins and leverages the prime growing and farmers market seasons. MyPlate, MyState asks the questions: What foods, flavors, and recipes is your state/territory know for, and how do they fit into your healthy eating style?

Participant Centered Services:

Thank you of the Week:

"The thing I like best about the eWIC card is that I can buy anything I want from my WIC benefits when I want, with checks I had to buy everything on the check or lose it, now if I just want a gallon of milk and some apples I can buy just that!" ~WIC Participant

eWIC Focus Update

Documentation of Address for Homeless Participants

In Focus, completing the address section is required, even if the participant is homeless. In the case of homeless participants staying at a motel or shelter we recommend recording the address for the motel or shelter where they are currently staying but then mark the Do Not Mail checkbox so no mail will actually go there. Then of course you should mark the homeless checkbox too.

A proof of identification is needed for each person when the participant signs the Rights and Responsibilities. There is an option titled "Staff Saw Earlier in Appointment" that can be chosen to make things easier when the signature is needed for the Rights and Responsibilities.
